PRESENTS

THE 1957 CRIGO

MIDDLETON LOCAL HIGH SCHOOL
HASKINS, OHIO

Mrs. Mary Lippert

CO-DEDICATION

Mr. Noward has driven students to Haskins High School for 22 years. He has achieved quite a statistical record throughout these many years. Mr. Noward drives 40 miles a day, and a total of about 9,000 miles a year. Every school day he brings 88 students to school and to their homes. While on his trips he makes an average of 100 stops per day. Besides his regular jaunts each day, he has driven 350 extra trips for band, basketball games and other miscellaneous trips. During his 22 years as bus driver, Mr. Noward has had 3 buses.

Mr. Noward was born in Waterville, Ohio. Shortly after his marriage to Mrs. Noward they moved to the Haskins vicinity, where they have lived for 25 years. They have three sons and one daughter, who have all graduated from Haskins High School.

Both Mr. Noward and his wife are active in the community affairs; the Grange, Wood County Farm Bureau, and the Federated Church. His hobby, as you might guess, is "driving the school bus."

His sunny smile and cheerful good morning and good evening each day has made him one of our favorite friends during the 12 years that we have known him.

Mrs. Lippert started us on the road of education, when we were only 6 years old. She left with us some ideals that have continued with us all through the remaining years. She just never seems to run out of ideas and big smiles. Making the fingerprints of her first graders is an annual tradition that all the parents look forward to.

She received a life certificate from Bowling Green Normal School. Her marvelous teaching record consists of 3 years at Dowling, where she had grades 1, 2, 3, and 4, then she came to Haskins for 3 years teaching the first and second. After this, Mrs. Lippert taught at Lime City for 2 1/2 years--then back to Haskins for 11 years. She jokingly commented she came back to the same room to teach the children of the students she had taught previously.

Her personal life has been just as busy as her professional life. She is married and the mother of two children, Donna Mae and Artie. She was past matron of the Eastern Stars and also past officer of the Shrine. She now lives near Perrysburg.

Her only comment on teaching was the emphatic statement, "I just love it!"

We had a very successful and profitable year.

Some of our money-making projects were bake sales and candy sales, selling ice-cream bars and potato chips at basketball games, sponsoring a dance entitled "Cupids Rendezvous" and putting on a play, March 29.

The annual prom at the close of the year concluded the many memories of both the junior and senior classes.

The juniors are looking forward to their senior year as a happy and prosperous one.

As money making projects this year we saves tax stamps and sponsored a magazine campaign, which was quite profitable.

7th GRADE

The seventh graders are still in the transition stage between high school and grade school. Although we did not do too much as a class we did perform one service. We made a survey of the manners in the school. The article relating our experiences was written by Mr. Smithey and published in the school paper. The write up was interesting and amusing. We hope it made some people think and in some way aided our good manner campaign.

I. Q. LEAGUE

The I. Q. League was founded to promote better education in the public schools. Approximately two times a month, the students from our school met at WFOB in Fostoria where they were asked questions concerning the required school subjects. Those subjects not included were algebra, physics, and chemistry. Although not a school subject, world affairs were also included in the questioning. The person answering correctly received three points for himself and three points for their team.

The members of the team were chosen scholastically by the teachers.

The team would like to thank everybody who listened to their programs and also to encourage other students in the following years to keep up their point averages and to participate in the I. Q. League.

CROSS COUNTRY

Carl Sheperd and John Place

We have finished our fourth consecutive year in track. Last year was our best year. Haskins was the runner-up and received a beautiful second place trophy at the Wood County Track and Field Meet at B.G.S.U.

From there we went to the Northwestern District Meet at Bowling Green. Two of our boys, John Place, who placed second in the 880 yd. run and fourth in the mile run, and Carl Sheperd, who placed fifth in the mile run, acquired points. John's time in the mile and 880 are both school records.

We started Cross Country this year for the first time. Carl Sheperd and John Place, the only boys out for it, went to the Northwestern District Meet at the Bowling Green City Park. There were five teams and 79 boys participating with no class distinction. Carl Sheperd finished the two mile course in 11:10 seconds, which now stands as a school record. John Place finished in 37th place.
